

A re-telling planning sheet: jot down your ideas and key words.

What can you say about the setting? Make it dramatic and scary. Don't forget to use figurative language!

What can you say about the characters of Kronos and Rhea? Make sure you use figurative language to describe them in detail. I want to be able to see them using your words!

What key words will you use to finish the re-telling of the story?

What dialogue will you use? Remember the rules: new line for each new speaker, a comma to separate the speech from the rest of the sentence, then inverted commas and use a capital letter to begin the speech.
