# Sabotage at the Ski Resort

The Summit Ski Resort is a very popular destination for ski enthusiasts. Every year, thousands of people swish down the snowy slopes in search of excitement and fun.

This year is no different... but there has been a crime committed! Somebody has sabotaged the cable cars and they have stopped, with skiers suspended in mid-air! After they were all rescued by helicopter, the police have been investigating exactly what happened.

As the Detective Chief Inspector, it is your job to work out who the sabatoeur is. Your officers have taken down the names and descriptions of the guests who were booked to use the slopes that day. Your task is to solve the clues and work out who has sabotaged the ski lifts!

Work out if the answers below are correct or not. Put a tick or cross in the empty boxes. Count up the ticks and crosses. If there are more ticks than crosses, the saboteur is female.

Clue: The saboteur is M or F. Circle the correct answer.

#### Clue 2

Identify the Roman numerals below, then circle the corresponding numbers in the table. Reorder the words next to those numbers, to make a sentence.

#### Use your knowledge of prime numbers to solve this.

First, highlight every prime number to 100.

Then look at the numbers in the circles. Write the nearest prime number lower than the number in the left-hand boxes and the nearest prime number higher in the right-hand boxes.

Then add each column of boxes up.

If either column adds to exactly 183, the saboteur is left handed.

Clue: The saboteur is left or right handed. Circle the correct word.
